YANA Kids' Clutter Sale – Information for Sellers

Thank you for your interest in selling items at the YANA Kids' Clutter Sale. Please read the following instructions outlining what you can expect from the organizers and what we require from you to help make this a successful event for all involved.

Approximately 6 weeks prior to the sale, an initial email will be sent out to all previous sellers and new sellers who contact us at kidsclutter@yanacomoxvalley.com

General Information

- Please reply to that email to let us know you are going to be involved in the sale and in what capacity (seller, donor or volunteer)
- Every seller will receive a "Consignor's/Seller's Number". If you have participated in previous sales, you will use the same number.
- You will receive a link for tags via email, which you will download and print on coloured paper of your choice. Please use the same colour for all of your tags. The different colours of tags assist the organizers during the final stages of the sale.
- A Seller's Agreement link will also be provided VIA email. This agreement must be completed and handed in when you drop off your items.
- All items must be prepared properly, please see below for details, and **dropped off at Courtenay Elementary, on Saturday of the sale weekend, 10am to 2pm.**
- You do not need to attend the sale, but are more than welcome to shop for yourself. The sale is open from 10 am to 2 pm on Sunday.
- **Pick-up time for unsold items and your sale earnings is Sunday between 3:00pm to 3:30pm.** Please respect this time frame.
- You will receive 65% of your sale price on items sold. 35% will be donated to YANA.

Preparation of Items

Clothing

- All clothing must be hung on hangers.
- Please hang items on hangers as shown below. Orient the hanger as shown so presentation on the racks is consistent.
- Attach your tag on the item using a safety pin to the right hand side of the garment (please refer to picture).
- If you are hanging an outfit that has two or more pieces, hang the shirt(s) on shirt hangers and the pants/bottoms on pant hangers separately and then use a rubber band to attach the hangers together. Outfits should have one price for all items attached together. The tag should be placed on the first item.
- The description on your tag should indicate how many items are included in this outfit (for example: 2pc outfit, or 3pc outfit)

- Consider grouping 2-3 items together on hangers, especially baby clothing, such as onesies, pajamas and children's t-shirts.
- Onesies also sell well grouped together inside a Ziploc bag. We find that rolling them so that the top chest area of each onesie is showing works best.

- Smaller items, such as socks, should be placed inside a Ziploc bag. Tape the tag to the Ziploc bag or place it inside and make it visible.

Children's Shoes

- We recommend using Ziploc bags for infant shoes.
- If shoes are too big for Ziploc bags, we recommend tying the shoes together using heavy duty string, ribbon or zip-ties.
- Punch a single hole through the top of your tag and then thread the string, ribbon or zip-tie through it.
- Tags are often lost from shoes, so please make sure they are securely attached.

Toys, Games & Puzzles

- If a toy has many pieces, you should secure them all in a Ziploc bag, use packaging tape or a clear plastic container to keep the pieces together.
- Make sure your tag is visible and securely fastened to all toys. Little hands may try to "play" with these items.

Larger Items

- Other items including furniture and larger outdoor items should have tags securely attached. Use tape on items if safety pins will not work.

Please remember that your tags must be removed by the cashiers.
