Denman Hornby Connector for Expecting Mothers

The Denman Hornby Connector for Expecting Mothers helps families cover accommodation expenses during their time away from home due to the birth of a child and the medical necessity to be near the hospital in the Comox Valley.

Like all Comox Valley families, residents of Denman and Hornby Island are eligible for our regular program when out-of-region healthcare is needed for children or expecting mothers. Similarly, when a child from Denman or Hornby Island requires overnight medical care at the Comox Valley hospital, families are eligible for support through YANA's regular program. Call 250-871-0343 or email info@yanacomoxvalley.com for more information.

Thank you for contacting YANA about the Denman Hornby Connector for Expecting Mothers. We aim to review and approve applications as quickly as possible once an application with all supporting documentation has been received. Funds for approved applications are dispersed two weeks before the date you intend to be away from home. This new program is meant to ease the financial burden for families but does not necessarily cover all expenses. We appreciate your understanding of these program parameters.
